

# Find your voice, spread the excitement and be the change.

## Become a young spokesperson.

We make a difference, improve where we live, have fun and learn skills for life along the way. If you're passionate about Scouts and want to shout about what you do, this is for you.

Open to Explorer Scouts, you'll learn how to talk to the media, get your point across and encourage others to join and help Scouts. All are great skills for your CV. Even better, it's free!
